#### **Important event to be reported: information regarding an investment approval for Minmetal**

Societatea OIL TERMINAL SA informs on the fact that, Oil Terminal' representatives took part to the public debate for the investments objective' environment approval issue, objective that MINMETAL intends to develop, namely: " Establishment of development and operation capacity of petroleum and liquid chemical in bulk products, PIER V Constanta Port".

This one will be located longitudinally, between Minmetal' conveyor belts (MINMETAL bridge' neighbourhood) and Oil Terminal' neighbouring area, in Port Storage Farm' thermal unit' location area, as width, between the rail lines accessing Oil and SICIM and Oil Terminal' pipeline network. The built surface is of about 7600 sq.m. The future objective will have 20 products' storage shoretanks, each of about 16,000 CM capacity. The 20 shoretanks are grouped on products every 4 of them and are distributed as follows: gasoline, gas oil, IFO, fuel oil, urea and biodiesel. The objective is provided with rail loading platforms and trucks loading platforms and two mooring posts for petroleum and chemical products' loading/discharging, in jetty 85.

Oil Terminal requested data and information according to Order 196/2006 regarding the safety limits towards the crude oil and petroleum products' National Transport System and to Law 59/2016, regulating the activities from the objectives with major risk in operation and stated observations according to Order 135/10.02.2010' art.18' provisions to apply the Evaluation methodology of the environment impact.

The Board of Directors, met on 12.05.2017 noticed that, Oil Terminal will be able to give favorable agreement only after the technical terms provided by the legislation on force' are fulfilled.

**General Director,  
Sorin CIUTUREANU**
