The management of FORT S.A. (hereinafter referred to as the “Company" or “FORT”) informs the market about the inclusion of its shares in the SME Growth Market (PC), effective November 20, 2026, following the implementation of the new structure of the Multilateral Trading System (MTS) operated by the Bucharest Stock Exchange (BVB).

Delia-Alina Necula, CEO FORT:

“The inclusion of FORT shares in the SME Growth Market confirms that the company meets the eligibility criteria for this segment, including those related to liquidity and free float. At the same time, we share the objectives and strategic direction that the Bucharest Stock Exchange aims to support through its new market structure.
For us, this milestone reflects FORT’s growth ambitions and our commitment to building an increasingly close relationship with investors. We operate in an industry where opportunities are evolving rapidly, and we aim to continue growing, expanding our services, and strengthening our position in the cybersecurity market.
We see our presence in this segment as a natural step in our development journey, while remaining focused on the goal we set from the very beginning: to build a strong business with long-term growth prospects that creates value for our shareholders.”
