Event to be reported: Strategic Expansion of Online Sales Channels at the European Level

Chromosome Dynamics S.A. informs investors and the capital market that, through its proprietary e-commerce platform www.chrd.ro, the company has expanded its online sales to 11 European countries, strengthening its international presence through a scalable digital infrastructure.

The CHRD platform is fully integrated with a comprehensive ERP system covering invoicing, inventory management, traceability, and operational reporting, enabling centralized management of commercial operations both domestically and across international markets.

In parallel, Chromosome Dynamics has submitted the full range of CHRD-branded products for listing and validation on major regional and international marketplaces, as follows:

- **Trendyol** – Romania and Greece
- **eMAG Marketplace** – Romania, Bulgaria, and Hungary
- **Skrotz** – Greece
- **Temu** – Romania
- **Amazon Europe** – multiple markets across the European Union

CHRD products are actively promoted online in the following countries: Bulgaria, the Netherlands, Italy, Belgium, Slovenia, Austria, Slovakia, the Czech Republic, Poland, Germany, and Hungary.

For each external market, the company operates dedicated, localized domains such as chrd.hu, chrd.sk, chrd.at, chrd.bg, and chrd.nl, adapted to the linguistic and commercial specifics of each country, facilitating direct access for local customers to the CHRD product portfolio.

Access to all available online sales channels, correlated with the company's production capacity and the major competitive advantage generated by its status as a manufacturer (factory), enables Chromosome Dynamics to approach external markets with a high level of price competitiveness and operational flexibility.

This stage represents a major strategic step for Chromosome Dynamics S.A. and lays the foundation for a natural and sustainable horizontal expansion through the diversification of distribution channels, increased sales volumes, and the consolidation of the CHRD brand at the European level.

Chairman of the Board of Directors

YESOD SRL,
