Information on the transition to the SME Growth Market and the Company's strategic directions

CHROMOSOME DYNAMICS S.A. informs shareholders and investors that, starting on 20 November 2026, the Company will be traded on the Bucharest Stock Exchange SME Growth Market, with its shares continuing to trade under the CHRD ticker symbol.
This transition marks a new stage in the Company's development, focusing on strengthening corporate governance, transparency and investor relations.

In connection with the transfer to the new market, trading in CHRD shares will be suspended on 18–19 November 2026 and will resume on 20 November 2026, in accordance with the schedule announced by the BVB.

In the coming period, the Company envisages the following strategic directions:

• Rebranding and corporate identity: By resolution of the Extraordinary General Meeting of Shareholders dated 22 October 2026, the Company approved the change of its name from CHROMOSOME DYNAMICS S.A. to CHRD S.A., as part of its rebranding and corporate identity consolidation process. The CHRD ticker symbol remains unchanged.
• Shareholder remuneration: assessment of mechanisms to create and distribute value to shareholders, including the possibility of acquiring and cancelling treasury shares, exclusively in accordance with the corporate resolutions adopted at the Extraordinary General Meeting of Shareholders held on 22 October 2026.
• Communication and transparency: maintaining active dialogue with investors and publishing clear and relevant financial reports.
• Financial predictability: preparing well-founded budgets and projections, taking into account business performance and market conditions.
• Growth and diversification: assessing and developing new business lines and revenue sources to support cash flows and self-financing.
These directions represent strategic objectives and intentions, not commitments regarding future financial results or returns. The Company will inform the market, in accordance with its legal obligations, of relevant decisions and developments.
