Implant Expert DSO SA (the “Issuer”) informs the bondholders that on November 27 is the opening of the dental clinic in Craiova following an investment of 540,000 Euros. The new clinic is equipped with eight dental offices with state-of-the-art medical equipment, a radiology center and a special space dedicated to the treatment of children.

“We have already managed to cover all regions of Romania, but we will continue to expand next year. The clinic inaugurated in Craiova carries on our mission to be with the patient throughout his life, wherever he may be. We have built a strong medical team here, ready to offer complete treatments for adults and children. We have always thought that the patient must benefit from real health and an exceptional experience, and this translates into modern, fast, personalized, and efficient services, achieved through an integrated approach to competencies. Facilitating access to medical services, especially in this pandemic context, remains a priority to us” said Dr. Ionuț Leahu, founder and CEO of the Dr. Leahu Dental Clinics network.
