Firebyte Games S.A. informs the investors that the *Makeover Run Game*, developed by our company and published by Moonee, within the "revenue-share" partnership, has reached the 5th place in the top of free games on the US market.

The Makeover Run game, developed during April, obtained very good results in the testing phase, being decided to publish and scale it through marketing campaigns. The game has attracted over 1.5 million downloads and a daily average of over 450,000 players in the last 7 days. Given that the game is in the escalation phase, its impact on the company's financial statements cannot be estimated at the date of this release.
