

OMV Petrom Strategy 2030

OMV Petrom announces that, **on December 7, 2021**, the company will publish and present its **Strategy 2030**. The new strategy reflects the company's growth plans and its commitment in terms of energy transition, in the context of climate change.

The company will organize a virtual conference starting **2.30pm (local time) / 1.30pm (CET) / 12.30pm (GMT)**. The conference will last approximately 2 hours, including the Q&A session.

The presentation will be delivered by **Christina Verchere**, CEO and President of the Executive Board, and **Alina Popa**, CFO and Member of the Executive Board. **All Executive Board members** will be available for the Q&A session.

Analysts and investors who wish to participate in the conference must preregister by sending an email to investor.relations.petrom@petrom.com until December 1, 2021.

The conference will be held in English and will be broadcasted through a live audio webcast, which can be accessed from the company's website, www.omvpetrom.com, section *About us>Company>Strategy*.
