Important events to be reported: Supplementing the number of shares offered in the Private Placement

The management of AROBS Transilvania Software S.A. (hereinafter referred to as the "Company") informs the market that the Company's founder, Mr. Voicu Oprean, together with CABRIO INVESTMENT S.R.L. (person closely related to Mr. Voicu Oprean) have expressed their intention to supplement the number of shares offered in the Private Placement with a number of up to 56,546,000 own shares, in case of a high demand and/or an oversubscription within this stage of the share capital increase.

The decision to increase the number of shares offered in the Private Placement is based on the intention to increase the Company's free-float, ensuring greater post-transaction liquidity and, therefore, increasing the chances of the Company's shares being included in the Bucharest Stock Exchange reference index, BET.
