Important events to be reported: Q3 2025 Report

Green Tech International S.A. (hereinafter referred to as the “Company” or the “Group”) informs the market about the publication of the financial report for the third quarter of 2025.

Horia Pitulea, CEO Green Tech International:

"In the first nine months of 2025, Green Tech International focused on starting new projects according to the listing prospectus. These activities led to the start of the works for the largest hydroponic greenhouse complex in Romania. We will invest in the rehabilitation of the existing geothermal wells in the area and in the upgrade of a thermal plant that will provide heat to the greenhouses.

Regarding the current activity, our operational base in Călimănești-Căciulata generated a turnover of RON 6.4 million in the first nine months of 2025, an increase of more than 12% compared with the same period of 2024. Other recorded revenues reached RON 2.7 million, which brought total operating revenues to RON 9.1 million, an increase of 9% compared with the same interval of the previous year. Net profit grew by 113%, reaching approximately RON 2 million, supported by the stable operating result and by improvements in the financial result.

The total value of the company’s assets reached RON 809 million, with the largest share represented by fixed assets related to the 42 geothermal wells in our portfolio and by exclusive operating rights in the

Bucharest–Otopeni and Cozia–Căciulata areas, with an installed capacity of 300 MWth for heating and cooling. Green Tech International is well positioned to use its geothermal resources, which have no geological risk, through investments in downstream industries that create durable synergies, such as sustainable food production, district heating systems and cooling solutions for AI data centers."

The interested parties can consult the report on the Company's official website, www.green-tech.energy, in the "Investor Relations" section, or by accessing directly the following link: <https://green-tech.energy/reports/#reports>.

The company is organizing on **November 18, 2025, starting 5:00 PM** (Romanian time), the videoconference for the presentation of the third quarter of 2025.

The videoconference will be held in Romanian. The stakeholders interested in joining the videoconference are asked to confirm their participation by registering at the following link: https://uso6web.zoom.us/webinar/register/WN_ituRxXuzS6KlGUa8idgCOw

Also, the report for Q3 2025 is attached to this current report.
