Significant events to be reported: Electrica has signed agreements for Crucea Est wind park

Societatea Energetică Electrica S.A. informs its shareholders and investors that its wholly owned subsidiary, Crucea Power Park S.R.L., has entered into contracts for the supply and installation of the wind turbines for the Crucea Est project, as well as for the provision of maintenance services over a 20-year period. These contracts are subject to a number of conditions precedent to be fulfilled in the immediate upcoming period. Under the contractual terms, the supply and installation of the turbines for both phases are to be completed by the end of 2028.

The Crucea Est wind project, located in Constanța County, in the area of the Crucea and Pantelimon localities, is the Electrica Group's first wind project. It will have an installed turbine capacity of 133 MW and will subsequently also be equipped with a planned electricity storage capacity of 60 MWh (15 MW x 4h).

Further information on the Crucea Est project was presented to shareholders in the current report dated 7 February 2025, available here: BSE:IRIS 334D0.
