Significant events to be reported: Fulfilment of the conditions precedent under the agreements for Crucea Est wind park

Further to the current report dated 16 November 2026, Societatea Energetică Electrica S.A. informs its shareholders and investors that the conditions precedent under the contracts entered into by its wholly owned subsidiary, Crucea Power Park S.R.L., with the Nordex Group have been fulfilled. The contracts cover the supply and installation of the wind turbines for the Crucea Est project, as well as the provision of maintenance services over a 20-year period. Under the contractual terms, the supply and installation of the turbines for both phases are to be completed by the end of 2028.

The Crucea Est wind project, located in Constanța County, in the area of the Crucea and Pantelimon localities, is the Electrica Group's first wind project. It will have an installed turbine capacity of 133 MW and will subsequently also be equipped with a planned electricity storage capacity of 60 MWh (15 MW x 4h).

Further information on the Crucea Est project was presented to shareholders in the current reports dated 7 February 2025 and 16 November 2026, available here: BSE:IRIS 334D0 and BSE:IRIS 08D67.
