Statement regarding the publicly available information on the purchase of natural gas – LNG

As regards the recent publicly available information related to the potential purchase of liquified natural gas (LNG), Societatea Națională de Gaze Naturale ROMGAZ SA ("ROMGAZ") makes the following statements, with a view to providing the public with accurate and comprehensive information.

To avoid any misunderstanding that might occur due to certain publicly available information related to the purchase of LNG by ROMGAZ, we state that no official representative of the Romanian State exerted any pressure to determine ROMGAZ management to conclude a gas purchase or sale contract, regardless of the source (therefore including LNG).

ROMGAZ is a company listed on the capital market and performs its activity in compliance with the legal framework and corporate governance rules applicable to listed companies. The quality of the Romanian State as majority shareholder does not remove or alter the company's obligation to comply with these rules, with corporate decision-making mechanisms, with rights of all shareholders and obligations to inform, applicable to a listed company.

Analysis of trading opportunities and making potential decisions to purchase belong exclusively to ROMGAZ corporate decision-making mechanisms and these are made based on economic, commercial, and strategic criteria applicable to the company.

Any decision regarding the performance of a commercial transaction is based on criteria of economic, commercial, and strategic feasibility, considering market conditions, the associated risks, the company's needs and its development objectives, whilst complying with the applicable corporate governance mechanisms and approval procedures.

ROMGAZ will continue to analyse opportunities existing on the natural gas market, including LNG, solely in relation to the company's interest and relevant economic, commercial, and strategic criteria. Any information that, according to the laws applicable to a listed company, is subject to a reporting obligation, will be communicated transparently, through official channels and under the conditions provided by applicable legislation.

About ROMGAZ

SNGN ROMGAZ SA is the largest gas producer and main supplier in Romania. The Company is admitted to trading on the Bucharest Stock Exchange (BVB). Main shareholder is the Romanian State with a 70% stake. The Company has an extensive experience in the field of natural gas exploration and production, with a history of more than 100 years that began in 1909. ROMGAZ undertakes geological exploration in order to discover new gas reserves, produces methane from reservoirs included in the company's portfolio, performs underground storage of natural gas, interventions, workover and special operations in wells, and ensures professional technological transportation services. In 2013, ROMGAZ extended its scope of business by taking over the Iernut thermoelectric power plant, and thus it also became an electric power supplier. On August 1, 2022, ROMGAZ became sole shareholder of ROMGAZ BLACK SEA LIMITED (established ExxonMobil Exploration and Production Romania Limited), following the completion of the share sale transaction, and the transfer of all issued shares (representing 100% of the share capital of) ExxonMobil Exploration and Production Romania Limited, which holds 50% of the rights and obligations under the Petroleum Agreement for the DeepWater Zone of the Black Sea XIX Neptun offshore block. In 2026, ROMGAZ continued its development and vertical integration strategy by taking over AZOMUREȘ's production operations, one of Romania's leading producers of fertilizers for the agricultural sector.
