

ANNOUNCEMENT

Disclosure regarding an incident at the TeraPlast warehouse in Chiajna

TeraPlast S.A. informs investors that on May 14, 2026, a fire broke out at the TeraPlast warehouse located in Chiajna, Ilfov County.

The competent authorities intervened promptly at the scene, and the fire was contained and extinguished by emergency response teams, with no casualties reported and no risk of the fire spreading.

Within the company, internal procedures have been initiated to assess the causes of the incident and its operational and financial impact. Preliminary estimates indicate damages of approximately EUR 150,000, of which EUR 100,000 represents the value of the affected goods and EUR 50,000 relates to destroyed handling and office equipment.

Deliveries to customers in the Bucharest area will be temporarily handled by the warehouses in Braşov, Piatra Neamţ, and Galaţi until operations resume at the Bucharest warehouse.

The company mentions that its assets are covered by insurance policies, in accordance with its internal risk management program and applicable legislation.

The competent authorities are conducting an investigation, and TeraPlast S.A. will continue to inform the market should any significant developments arise, in accordance with the applicable regulation for issuers listed on the Bucharest Stock Exchange.
