Final Terms

PROHIBITION OF SALES TO RETAIL INVESTORS IN THE EUROPEAN ECONOMIC AREA OR IN THE UNITED KINGDOM

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA") or in the United Kingdom ("UK"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") or the PRIIPs Regulation as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation and/or the UK PRIIPs Regulation. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of the Directive 2014/65/EU, as amended ("**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (IDD), as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

MiFID II Product Governance / Eligible Counterparties and Professional Investors Only Target Market

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**Distributor**") should take into consideration the manufacturer's target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

PART B. – OTHER INFORMATION

ESSENTIAL INFORMATION

Interests of Natural and Legal Persons Involved in the Issue or the Offering

So far as the Issuer is aware, no person involved in the issue or offering of the Notes has an interest material to the issue or the offering.

- Other Interests, including conflicts of interest

Use of Proceeds

The Notes are issued as Green Bonds.

The Issuer intends that an amount equivalent to the net proceeds of the Notes will be exclusively used to finance and/or refinance the loans and investments of the Issuer dedicated to the financing of Eligible Green Projects (as defined below) with a positive environmental impact ("**Green Loans**") in accordance with the Erste Group Sustainable Finance Framework dated April 2021 (as amended and/or replaced from time to time, the "**Sustainable Finance Framework**").

"**Eligible Green Projects**" include projects or assets in the following three eligible categories: (i) Green Buildings (Residential), (ii) Green Buildings (Commercial) and (iii) Renewable Energy.

Green Buildings (Residential)

Loans and/or investments to finance new or existing residential buildings which:

- a. are within the top 15% low-carbon performing in the respective country, or
- b. have undergone refurbishments resulting in an increase in energy efficiency of at least 30% against the baseline performance of the building before renovation, or
- c. are new buildings that comply with "Nearly Zero Energy Buildings" requirements defined in the relevant country building regulation.

Green Buildings (Commercial)

Loans and/or investments to finance new or existing commercial buildings which:

- a. are within the top 15% low-carbon performing in the respective country, or
- b. have undergone refurbishments resulting in an increase in energy efficiency of at least 30% against the baseline performance of the building before renovation, or
- c. where applicable, have a minimum certification of BREEAM "Very

Good", LEED "Gold" or any other equivalent certification.

Renewable Energy

Loans and/or investments to finance or refinance generation and transmission of energy from renewable sources and manufacturing of the related equipment:

- a. Onshore and offshore wind energy
- b. Solar (Photovoltaic)
- c. Small scale hydro power (<20 MW) and refurbishment (or refinancing) of existing large-scale hydro (>20 MW)
- d. Geothermal energy with life cycle assessment emissions $\leq 100\text{g CO}_2 / \text{kWh}$.

Erste Group may, at any time, amend the list of Green Loans to other type of assets which provide verifiable sustainability benefits. In this case, Erste Group has committed to update the Sustainable Finance Framework and to amend the set of criteria to appropriately reflect the new asset class.

The Issuer ensures that all Green Loans comply with official national and international environmental and social laws and regulations and any standards on a best effort basis.

The net proceeds of the Notes will be managed by the Issuer in a portfolio approach. The eligible loan portfolio (the "**Loan Portfolio**") is comprised of all Green Loans.

The Issuer will strive, within 24 months after issuance of the Notes, to reach a level of allocation of the Loan Portfolio that at least matches the net proceeds from its Notes. Pending the allocation of the net proceeds of the Notes to the Loan Portfolio, all or a portion of the net proceeds of the Notes may be used for the payment of outstanding indebtedness or other capital management activities.

Erste Group will make and keep readily available reporting on the allocation of net proceeds of the Notes to the Loan Portfolio on a nominal equivalence basis one year from the issuance of the Notes, to be renewed annually until full allocation.

Where feasible, Erste Group intends to report on the environmental impacts of the projects funded with the Note proceeds or refer to existing sustainability reporting of Erste Group.

Erste Group has retained ISS ESG to obtain an external review of its Sustainable Finance Framework. ISS ESG has issued a second-party opinion (the "**Second-Party Opinion**") confirming the alignment of the Sustainable Finance Framework with the relevant industry standards and

has provided views on the robustness and credibility of the Sustainable Finance Framework.

The Sustainable Finance Framework as well as the Second-Party Opinion are publicly available on the Erste Group website (https://www.erstegroup.com/en/investors/debt/Sustainable_Finance_Framework).

For the avoidance of doubt, neither the Sustainable Finance Framework nor the Second-Party Opinion are incorporated by reference into these Final Terms.
